主题: RE: Yue Hu: Welcome to R Workshop

Thanks for the workshop. I enjoyed learning about R. This is new to me but I'm seeing students with data analysis needs and I would like to be able to have some meaningful conversations.

Good luck with your semester.  
Brett

**Subject:** Yue Hu: Welcome to R Workshop

Dear all,

Thank you for registering for the first R workshop. We will meet at 1:30 pm tomorrow (09/08) in SH 15 (the ground level).

You don't have to bring a laptop unless you want. All the codes are included in the slides and will be shared after the workshop. Feel free to bring your friends if they are also interested in programming or quantitative research. You need NO experience in R or other programming languages to attend this workshop.

Look forward seeing you!

Thanks,
