主题: RE: Reminder of R workshop

Dear Yue,

Thank you for the R workshop yesterday. I found it helpful, particularly regarding what R can be used for and also that you pointed out some of the nuances of R.

The only suggestion I have is to try to hold these workshops in a computer lab in the future so participants can actually interact with the program in real-time. I realize that may be difficult to fit into 50 minutes, but it could really enrich the experience. I, personally, would be willing to attend a longer workshop if there is an opportunity for more hands-on learning. That being said, I'm still planning to attend the next two sessions.

I would greatly appreciate a copy of your slides from this intro session.

Best regards,
Cara

Subject: Reminder of R workshop

Dear all,

Thank you for registering the intro to R workshop. The workshop will start at 12:30 today (2016-08-24) in 31 Schaeffer Hall. See you there!
